Make the Difference

New EliTe® Compact Spinning System

The New EliTe® ensures high machine efficiency, excellent yarn parameters and lowest variations between the spinning positions. With the new innovative components it is further boosting the productivity, yarn quality and cost reduction in maintenance. EliTe® is the most versatile, flexible and in demand compact spinning system in the market.

Make the Difference

ESSENTIAL

RIETER DIGITAL SPINNING SUITE

Production Efficiency

Energy Consumption

Yarn Faults

Task List

- Draw Frame 2
Retrieving of the Top Rotor Cans (Bluffing)
- Card 5
Sharpening of Flat Machine C 70
- Draw Frame 6
Checking of Compressed Air Filter

ESSENTIAL – The all-in-one mill management system

ESSENTIAL simplifies mill management, connects process stages and increases efficiency of the entire spinning mill. It provides fact based optimization proposals, key performance indicators and even predicts downtime risks. The Rieter Digital Spinning Suite leverages digital technology in order to strengthen the expertise of mill staff, eliminate inefficiencies and optimize costs.

2.9m or 3.5m
working width – less
space requirement –
better blending

Better blending from the beginning: **BO-P**

The new portal bale opener allows up to 50% more working width and 25 to 40% better blending. At the same time, the portal concept saves floor space: The **BO-P** can also be placed close to a wall because the bale lay-down area is freely accessible.
